## WHO ARE WE?

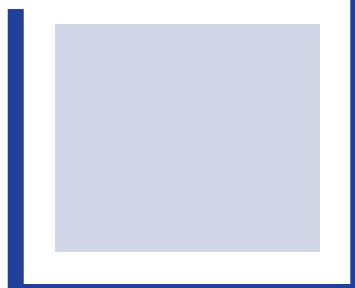

Reliance Group Limited (RGL) is a strong reputable company that has earned its place amongst some of the best service providers in Agriculture, Logistics and Construction industry in Tanzania. Our company was established in 2009 in Dar-es-salaam Tanzania.

We pride ourselves on being experienced and skilled in all aspects of agriculture, logistics and construction industry; by selling of strong, known brand SONALIKA agricultural tractors, spare parts, farm implements made in India by International Tractors Limited (ITL) and LOVOL multi-crop combine harvesters made in China by Weichei Lovol International Trading Co. Ltd.

Moreover, we provide equipment hiring services as well as transportation of heavy and abnormal cargos.

Our commitment in providing high quality service and our customer centric approach has made our customers to be loyal to the products and services of the company.

**Since  
2009**

A

## AGRICULTURAL INDUSTRY

### 1. Farm Machineries

#### a) Farm Tractors

We are the sole distributors of Sonalika Tractors in Tanzania. Sonalika tractors are one of the best-known brands selling 6th in the world and 3rd in India by volume. They are known for being tough, strong, durable, very fuel economical and speedy in the field. We have various ranges of capacities of the tractors from 18HP to 125HP. Our tractors can be applied in all soil terrains and nature in Tanzania.

**SONALIKA**

**LOVOL**

#### b) Combine Harvesters

We also distribute high quality multi-purpose harvesting machines from LOVOL brand. We have both Crawler and Wheel Combine Harvester, suitable for different crops and harvesting environments.

## AGRICULTURAL INDUSTRY

### 3. Spare parts Supply

We acknowledge that downtime is costly in agriculture. That's why we supply high-quality, durable spare parts for different farm machineries and farm implements to ensure they perform at peak efficiency, season after season. We keep stocks of Genuine and Aftermarket Parts which offer wide compatibility. We are known for fast delivery with nation-wide logistics through our branches.

### 4. After-sale Supports

We have strong support team covering the whole country to ensure maximum support directly to the field whenever technical problem arises. Our technical team also helps you identify the right part for your farm machineries for seamless routinely and non-routinely repairs

## 5. Transportation of Heavy and Abnormal Cargo

With Lowbeds and Flatbeds Reliance group transports heavy and abnormal cargos and comply with safety standards. We process and comply with all permits required by all authorities in our country and outside our country to meet our customers' need. We operate in both locally and across borders to other countries such as Congo, Burundi, Rwanda, Zambia and Malawi.

## 6. Equipment Hiring

We provide different high capital-intensive equipments to our clients for hiring at reasonable costs such as mobile cranes, Excavators, Back-hoes, Motor graders, etc. Our equipments are of good working condition, yearly inspected and certified by plant inspectors from authorized regulatory body (OSHA), serviced on time by our skilled and well-developed maintenance team, who are constantly patrolling 24 hours.

# HEALTH, SAFETY & ENVIRONMENT

**HSE**  
Compliance

The management of Reliance Group Ltd. takes into consideration the impact that our activities might have on the people (employees & the community) and the environment. Reliance Group Limited is committed to providing a safe and healthful environment for its employees, visitors (clients), and the community by managing our activities in an environmentally sensitive and responsible manner.

Our company has been registered and complies with Occupational Safety Health Authority (OSHA) requirements. With our health and safety policy, our staffs receive constant health and safety trainings through our well trained and certified safety representatives from (OSHA). Our operators and equipments have been certified by the authority.

We further recognize an obligation to demonstrate safety and environmental leadership by maintaining the highest standards and by serving as an example to our employees and to the community at large.

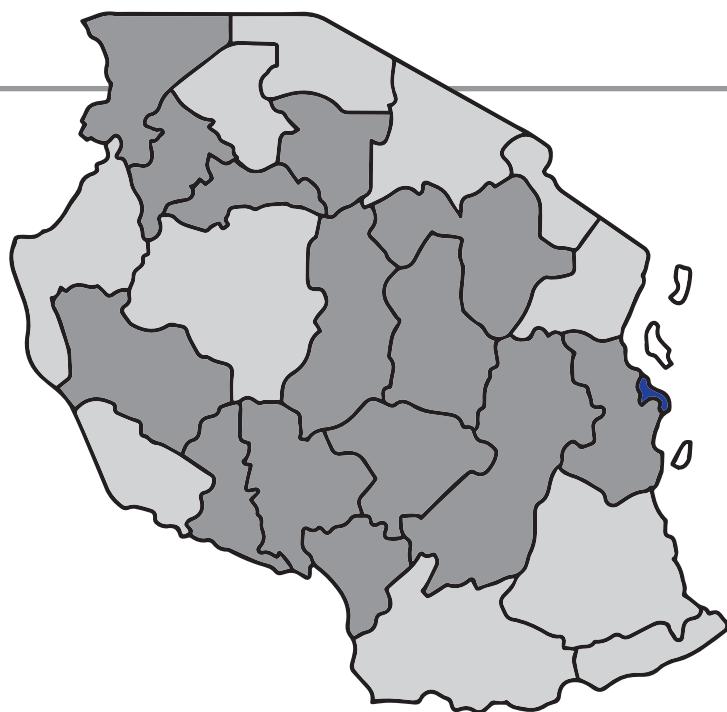

Therefore we've taken all necessary measures to prevent activities that may cause harm or danger to persons and property, ensuring a healthy and conducive working environment for both our employees and clients.
